- Application Front End Development in Angular 2, Angular 4
- Involved in Project Design and Validations
- Application deployment in WebSphere
- Create new features and maintain existing implementations based on business requirement and technical specifications
- Perform daily code review for other team members who work on the same product

#### ENVIRONMENT

Eclipse,Visual Studio Code,Atom,Oracle SQL Developer

**Project Name- KNPC (Kuwait National Petroleum Oil Company) IMS (Issue Management System), KNPC, Kuwait**

#### **RESPONSIBILITIES**

- Application Front End Development in Angular 4
- Involved in Project Design and Validations
- Perform unit testing
- Application deployment in WebSphere
- Create new features and maintain existing implementations based on business requirement and technical specifications
- Perform daily code review for other team members who work on the same product

#### **ENVIRONMENT**

Eclipse, Visual Studio Code, Atom, Oracle SQL Developer

### **3. EBLA COMPUTER CONSULTANCY, KUWAIT(2017-2020)**

#### **ROLE: SOFTWARE DEVELOPER**

Working as Software Developer in Ebla computer Consultancy. Currently I am working on project KOC ECM Program.

**Project Name- KNPC (Kuwait National Petroleum Oil Company) ECM (Enterprise Content Management) Project, KNPC, Kuwait**

#### **RESPONSIBILITIES**

- Application Front End Development in Angular 2
- Involved in Project Design and Validations
- Application deployment in WebSphere
- Create new features and maintain existing implementations based on business requirement and technical specifications
- Perform daily code review for other team members who work on the same product
- Document and test to ensure the quality of the completed work requirement
- Work on onsite projects

#### **ENVIRONMENT**

Eclipse, Pycharm, Oracle SQL Developer

**Project Name- KNPC (Kuwait National Petroleum Oil Company) CMS (Content Management System), KNPC, Kuwait**

## **RESPONSIBILITIES**

- Application Front End Development in Angular 4
- Involved in Project Design and Validations
- Create web services (Rest API in java) required for Application
- Application deployment in WebSphere
- Create new features and maintain existing implementations based on business requirement and technical specifications
- Perform daily code review for other team members who work on the same product
- Work on onsite projects

## **ENVIRONMENT**

Eclipse, Visual Studio Code, Atom, Oracle SQL Developer

**Project Name- KNPC (Kuwait National Petroleum Oil Company) TRAC (Technical Risk Assessment), KNPC, Kuwait**

## **RESPONSIBILITIES**

- Application Front End Development in Angular 4
- Involved in Project Design and Validations
- Create web services (Rest API in Java) required for Application
- Perform unit testing
- Application deployment in WebSphere
- Create new features and maintain existing implementations based on business requirement and technical specifications
- Perform daily code review for other team members who work on the same product
- Work on onsite projects

## **ENVIRONMENT**

Eclipse, Visual Studio, Oracle SQL Developer

**Project Name- KOC (Kuwait Oil Company) ECM (Enterprise Content Management) Program, KOC, Kuwait**

## **RESPONSIBILITIES**

- Application Front End Development in Angular 5, Angular 6
- Create web services (Rest API in Java) required for Application
- Involved in Project Design and Validations
- Integration of Angular application with ICN
- Customizing and Extending IBM Content Navigator
- Application deployment in WebSphere

- Document and test to ensure the quality of the completed work requirement
- Perform daily code review for other team members who work on the same product
- Maintain regular communication with other team members and stakeholders to ensure the quality and timely product deliveries
- Work on onsite projects

## ENVIRONMENT

Visual Studio, Oracle SQL Developer, Eclipse, Webstorm

## Certifications

- IBM Business Process Management Platform – 2019
- IBM Content Navigator Application Customization - 2017
- IBM Content Navigator Essentials - 2017

## Academic Qualifications

<i>Academic Course</i>	<i>Board/ University</i>	<i>Aggregate%</i>	<i>Academic Year</i>
S.S.L.C	Kerala State Board	93%	2008-2009
H S E	Kerala State Board	90%	2010-2011
B.Tech	Calicut University	6.81 (CGPA)	2011-2015
